

To Whom it may Concern

I am pleased to recommend Kashish Bisht , who intended with us in Event coordination and Project Management for three months (March-May 2026). Kashish impressed us with their professionalism and ability to manage complex events effectively.

During their time here, Kashish successfully handled multiple responsibilities - event planning, vendor management, budget coordination, and stakeholder communication. They led the Niva Bhupa corporate event in Jaipur, demonstrating strong organisational skills, and attention to detail. Kashish maintained excellent spreadsheets, identified potential issues proactively, and consistently delivered quality work on time.

Kashish is reliable, collaborative, and eager to learn. They would be an asset to any organization. I recommend them without reservation.

Best Regards,
Pramod Sharma
